PROFILE

I am a graduate of master's and bachelor's studies in engineering, specializing in applied computer science at the Krakow University of Technology. I have almost two years of experience working part-time as a front-end developer. I am looking for my first full-time job in an environment that will allow me to develop my skills and learn new technologies and solutions.

WORK EXPERIENCE

Futurum Technology Ltd Spk November 2023 - August 2024
Junior Frontend Developer

- Development of healthcare app for radiologists
- Working in an international team of programmers
- Implementing new components, correcting errors
- Working with the client
- Website refactoring and rwd repair
- Angular, TypeScript, RxJs, SCSS, HTML, CSS, JS, Material Design, GitHub etc

Comarch S.A. July 2022- July 2023
Junior & Intern Frontend Developer

- Development of ERP management system
- Working in a scrum team
- Angular, TypeScript, RxJs, SCSS, HTML, CSS, JS, GitLab, Jira, internal design systems etc

Own projects

- Law Firm website - available on the Internet. (JS, HTML, CSS)
- Music band website - ready to upload. (JS, HTML, CSS)
- CV page, grouping all information about me on GH Pages. (Angular, SCSS, TS)
- CV generator allowing you to download pdf files (in progress) (Angular, Tailwind CSS, TS)
- An application that checks the departures of subsequent buses (Angular, TS, SCSS - in future also Ionic)
- Application for managing reservations in a music studio (Angular, NestJs, TS, SCSS, Rest API)
- An application verifying software license applications for the Krakow University of Technology (Angular, NestJs, TS, SCSS, Rest API)
- Electron application that groups pages with job offers in a desktop application (ElectronJs)

In my own projects, I focus on learning new technologies and developing those I know. Some of the above are student projects, some are my own ideas. The technologies I use in my own projects are Angular, JavaScript, TypeScript, RxJs, HTML, CSS, SCSS, but to a lesser extent I also try to use React, React Native or NativeScript, Ionic, Electron, NodeJs, NestJs and many others.
